

Degree Offered

Associate in Applied Science
Business Management/Insurance

Curriculum Code: 508**Program Information**

This program prepares students for entry-level positions in all sectors of business, government, not-for-profit and social service agencies.

Business programs focus on the education and skills needed in today's global business environment. Practical courses coupled with general education offerings enhance development of critical thinking, communication and problem-solving skills, as well as adaptability and team work.

A minimum of 64 credits is required for degree completion. Twelve (12) insurance equivalency credits will be required from The American Institute for CPCU and the Insurance Institute of America. Credits will be granted based on the National Guide to Educational Credit for Training Programs.

When You Graduate

AAS programs are designed for students who want to enter a career directly after graduating but those who change their plans find that most of their CCC credits transfer to four-year colleges.

Students are encouraged to visit the NJ transfer website: www.njtransfer.org for transfer course equivalencies.

The latest technology and learning tools support your education for a wide range of employment opportunities.
