

Degree Offered**Academic Certificate**

Computer Graphics/Desktop Publishing

Curriculum Code: 113**Program Information**

This program prepares students to obtain graphic designer positions at businesses and agencies, or to operate their own graphics business.

Since experience and work samples are important for success in the field, students participate in graphic design internships at area firms and learn to prepare and present portfolios.

The instructors are college professors and professional practitioners in the field. In the cutting-edge Macintosh Lab in the Frank Guaracini Jr. Fine and Performing Arts Center, students use industry standard equipment to learn real world applications.

When You Graduate

Certificate programs provide specific career skills development as well as the opportunity to test an area of interest, or enhance a degree program. Students who complete a certificate program can continue to obtain a degree.
