

Degree Offered

Associate in Arts
Liberal Arts/Television Production

Curriculum Code: I61**Program Information**

There is a great demand, locally and nationally, for people who can operate a broadcast television camera. People are also needed to write scripts, direct television programs and edit videotapes.

Fifteen years ago, careers in television production existed almost solely in the realm of network broadcasting. But the market has been completely redefined through the emergence of high technology at low costs and the escalating number of cable television channels.

Production companies provide videotaping services for clients varying from major corporations to newlyweds. Special interest groups have found a niche on cable television where there are more than 100 channels waiting for programming.

Students graduating from CCC's Television Production program are qualified for an entry-level post in any of these environments.

When You Graduate

AA programs are primarily designed for students who plan to transfer as juniors at four-year colleges and universities. CCC graduates have obtained bachelor's and beyond from every college in New Jersey and scores of colleges and universities throughout America. Cumberland has transfer agreements with a number of four-year colleges and universities.

As a graduate of a fully accredited community college, your coursework will be received with full credit transfer at most state colleges, public and private universities across the country. The NJ Lampitt bill passed in 2008 by the NJ State legislature assures seamless transfer of credits toward junior standing at NJ state colleges and universities.

Earn a BA, MA at CCC

Once you graduate from Cumberland County College, you can earn a bachelor's and even a master's degree at the on-campus Shirlee and Bernard Brown University Center. CCC's University Center houses bachelor's and master's degree programs offered by Fairleigh Dickinson University, Georgian Court University, Montclair State University, Rowan University and Wilmington University.
