

Degree Offered

Associate in Applied Science
Network Management

Curriculum Code: 565**Program Information**

This program is designed to prepare students for technical positions in networking and networking-related environments. In addition, this program prepares students for Microsoft Computer Systems Engineer (MCSE) certifications.

When You Graduate

AAS programs are designed for students who want to enter a career directly after graduating but those who change their plans find that most of their CCC credits transfer to four-year colleges.

Students are encouraged to visit the NJ transfer website: www.njtransfer.org for transfer course equivalencies.

The latest technology and learning tools support your education for a wide range of employment opportunities.

Earn a BA, MA at CCC

Once you graduate from Cumberland County College, you can earn a bachelor's and even a master's degree at the on-campus Shirlee and Bernard Brown University Center. CCC's University Center houses bachelor's and master's degree programs offered by Fairleigh Dickinson University, Georgian Court University, Montclair State University, Rowan University and Wilmington University.
