Preface to the 2010 Institutional Profile

Accredited by the Middle States Commission on Higher Education, Cumberland County College offers over 100 programs of study leading to Associate Degrees, Academic Certificates, Career Certificates, and Short-Term Training Certificates. As of Fall 2010, over 4,200 students were enrolled in these programs. An additional 1,000 students were enrolled in Professional and Continuing Education courses.

Initiatives related to the College's *Strategic Plan 2006-2011: Access, Alignment, and Accountability* continue to be implemented. Among these initiatives are alignment between high school requirements and college readiness; development of career ladders in healthcare, justice studies, business: retail/tourism/hospitality; assistance to students majoring in Science, Technology, Engineering, Education and Mathematics; and accountability in providing information to the public.

The Cumberland County College *2010 Institutional Profile* contains information about the College, its students, faculty, staff, and programs. This year's *Profile* also highlights the contributions made by the College's faculty and staff to its community, Cumberland County, and supports the College's commitment to providing the public with information about its students and their educational outcomes.

During 2009-10, the College's Board of Trustees appointed its sixth president, formerly the Vice President of Academic Affairs and Enrollment Services at the College. The position of Vice President was filled by a former faculty member and program director, Dr. Jacqueline Galbiati. The College completed a major portion of its *Self-Study Report* and will host a site visit team selected by the Middle States Commission on Higher Education in 2011.

Should you have questions about any information in the *Profile*, please contact the College's Planning and Research or Public Relations Offices. Additional information about the College may be found on its recently updated website <http://www.cccnj.edu/>.

Thomas Isekenegbe, Ph.D.
President

Introduction

This *2010 Institutional Profile* includes the legislatively mandated information about Cumberland County College's students, faculty, trustees, programs of study, public service activities and major capital projects. The *Profile* is organized according to the "Proposed Form and Content of the Institutional Profile" defined by the New Jersey Commission on Higher Education. In addition to this *Profile*, the College provides reports on many other aspects of its mission, as described below. Because the information required by the New Jersey Commission on Higher Education in its "Form and Content of the Institutional Profile" requirements has changed this year, this *Profile* is limited to the specific data elements required.

Cumberland County College Mission, Affirmation, Vision and Diversity Statements

MISSION...

Cumberland County College is a comprehensive community college that is accessible, learning-centered, and dedicated to serving a diverse community of learners and employers through quality innovative programs, services, and the appropriate use of technology, for life-long learning.

AFFIRMATION...

Cumberland County College, founded in 1966, reaffirmed in 2001 that it is an open-door, comprehensive community college dedicated to pride, service and excellence. The college is committed to the core elements of community college education: Liberal Arts and Transfer, Career and Occupational Studies, and Continuing and Professional Education. Cumberland County College will utilize its Vision and Mission to build on this legacy.

VISION...

Cumberland County College serves as a catalyst for creating collaborative relationships across the county that enhance the quality of life through excellence in education, community leadership, and economic growth.

DIVERSITY STATEMENT...

Cumberland County College will value and ensure a faculty, staff and student community that closely reflects all segments of Cumberland County. Goals include:

- Promote, celebrate and embrace cultural, racial and ethnic diversity across the curriculum and through co-curricular and social events.
- Hire and retain individuals that reflect cultural, racial and ethnic diversity.
- Improve student success rates.

Report on the Institution's Success in Meeting Its Goals and Objectives

Numerous reports are provided by the College concerning achievement of its mission, goals and objectives. These reports include the *2009-2010 Report to the Community*, the College's annual report, as well as annual evaluation and progress reports submitted to external agencies to monitor achievement of program goals and objectives. The College also reports to accrediting agencies such as the Middle States Commission on Higher Education. The College assesses the progress in meeting the goals in its *Strategic Plan 2006-2011: Access, Alignment, and Accountability*, which contains four strategic directions and eight strategic goals. The College also assesses student learning outcomes and institutional effectiveness through annual reports and in its Voluntary Accountability Report which includes Student Right to know information, retention and other data points.

II. Data by Category

A. Accreditation Status

1. Institutional Accreditation

Cumberland County College is accredited by the Middle States Commission on Higher Education. Accreditation was reaffirmed in June 2001 for ten years and was again reaffirmed in November 2006. In 2010- 2011, the College will complete its institution-wide comprehensive Self-Study Report and host a site visit team in Spring 2011.

2. Professional Accreditation

The Nursing program is accredited by the National League of Nursing; the Radiography program is accredited by the Joint Review Committee on Education in Radiologic Technology; and the Paralegal program is approved by the American Bar Association.

B. Number of Students Served

Student enrollment includes the official headcount enrollment in credit courses reported in Student Unit Record Enrollment files to the NJ Commission on Higher Education and to the National Center for Education Statistics as of the tenth day each fall semester. Students enrolled in credit courses are generally those seeking degree credit in one of the College's program majors leading to an associate degree, academic certificate, short-term or career certificate.

1. Headcount Credit Enrollment

Total Fall Headcount Enrollment 2007-2009

Category	Fall 2007	Fall 2008	Fall 2009

4. Remediation and Developmental Education

Cumberland County College uses Accuplacer© for testing and placement of entering degree-seeking students. The total number of students tested and needing remediation in at least one skill area in Fall 2007, Fall 2008 and in Fall 2009 are shown in the tables below. Note that data for Fall 2009 reflect changes in the scores required for students to place into college-level courses. These changes were implemented to standardize cut scores across the sector, but resulted in higher numbers of students needing remediation by skill area.

D. Student Outcomes

1. Graduation Rates

a. Two-Year Graduation Rate

This is an additional category requested by the NJ Commission on Higher Education. Previously, community colleges have been required to report graduation rates within 150% of the catalog time; in other words, a three-year graduation rate. According to the data reported for the 2006 cohort, there were 561 entering first-time, full-time, degree-seeking freshmen. After two years, 42 of these students or 7.5 percent completed their programs and graduated with a degree or certificate. In addition, after three years, a total of 148 students or 26.4 percent completed degrees or certificates. In addition, another 62 of these Fall 2006 entering students transferred to another institution prior to receiving their degrees or 11.0 percent.

According to the Student Right to Know data reported for this Fall 2006 entering cohort, another 116 students were still enrolled at the college as of Fall 2009 and 139 or 24.7 percent left in good standing with a GPA of 2.00 or above. The total number of students who graduated, transferred prior to graduation, remained enrolled, or left in good standing was 460 students or 81.9 percent.

b. Three-year Graduation and Transfer Rates by Race/Ethnicity

Three-year graduation and transfer rates include the number of entering first-time, full-time, degree-seeking freshmen who entered the college in the Fall of a specific year and three years later either received a degree or certificate or transferred to another institution prior to receiving a degree.

3. Third Semester Retention Rates for Entering First-time Students by Attendance Status

Previously, the Retention Rate data requested by the NJ Commission on Higher Education included data by race/ethnicity. For the current Institutional Profile, the NJ Commission on Higher Education has requested retention data for full-time and part-time students. The data included in the tables that follow are for first-time entering degree-seeking students who entered in one fall semester and the number who returned the following fall semester. Rates are provided separately for full-time and part-time students. Data that follow are from the College's Planning and Research Office.

In 2009-2010, the final phase of planned Central Plant expansion was scheduled to be completed. Also completed in 2009-10 were the design and completion of two Athletic Program support projects.

Also completed and dedicated in 2010 was the Trustees' Fountain dedicated to William Milam, former Chair of the College's Board of Trustees and benefactor of the College.

III. Other Institutional Information (Optional)

In 2005-06 Cumberland County College adopted its *Strategic Plan 2006-2011: Access, Alignment, and Accountability*. The Plan contains Four Strategic Directions and Eight Strategic Goals as listed below.

<p>Strategic Direction 1. Increase the number of Cumberland County high school graduates who have knowledge and skill sets commensurate with postsecondary education expectations and/or entry level skills for the 21st Century job market.</p>
<p>Strategic Goal 1. With high school partners develop and articulate a high school curriculum that if successfully pursued, will provide high school graduates with the knowledge and skills necessary to enter post-secondary education without remedial education.</p>
<p>Strategic Direction 2. Identify and develop educational/career pathways (9th grade through associate and/or baccalaureate degree) aligned with “family sustaining” jobs that have high growth potential for Cumberland County.</p>
<p>Strategic Goal 2. Implement career/academic educational clusters for high school students and others in: (1) Architecture and Construction; (2) Business Management and Administration with Pathways in Hospitality, Tourism, and Retail; (3) Education and Training; (4) Health Science; (5) Law, Public Safety, and Security, through the community education, certificate, associate and baccalaureate degree levels.</p>
<p>Strategic Goal 4. Construct and open a University Center on CCC’s campus that will provide baccalaureate degrees, through partnerships, in programs aligned with appropriate associate degree programs and high growth industries in Cumberland County and the region.</p>
<p>Strategic Goal 5. Develop and deliver a variety of “work readiness” credentials.</p>
<p>Strategic Direction 3. Increase the achievement rate of all students while reducing the “achievement gaps” between and among various student cohorts at Cumberland County College.</p>
<p>Strategic Goal 3. Develop programs designed to attract and aid the entry of historically underrepresented populations into career clusters specifically within science, technology, engineering, mathematics, and education.</p>
<p>Strategic Goal 6. Provide multiple options for curriculum and services delivery aligned with student needs and availability.</p>
<p>Strategic Goal 7. Communicate effectively with constituents from diverse language backgrounds.</p>
<p>Strategic Direction 4. Identify, disseminate, and report on data points measuring a continuous improvement process.</p>
<p>Strategic Goal 8. Develop strategies for measuring student success and utilize results to provide targeted support.</p>

Strategic objectives based on these goals are developed each year and monitored through the College’s Strategic Dashboard.
