

CUMBERLAND COUNTY COLLEGE

Course: OA 212: Medical Coding

Credits: 3

Prerequisites: OA 109: Medical Office Practice

Description:

Topics include the basic theory and constructs of medical coding in both the medical office and hospital environments and the logic and substance of medical coding. The student will develop competency in converting medical diagnostics and procedures into appropriate medical codes.

Learning Outcomes:

At the completion of this course, students will be able to:

- Apply appropriate codes to various medical procedures
- Apply appropriate codes to medical diagnoses
- Express the relationship between proper coding and billing/compliance
- Explain regulatory issues involved in coding, especially concerning documentation standards.

Topical Outline:

- Introduction Health Care and Coding
- A Career in Medical Coding
- ICD-10-CM Basics
- ICD-10-CM Coding Guidelines
- ICD-10-CM Chapters 1 through 5: A00–F99
- ICD-10-CM Chapters 6 through 10: G00–J99:

Student Assessment: Assessment may be accomplished through projects, portfolios, exams, presentations and/or papers.

Academic Integrity: Plagiarism is cheating. Plagiarism is presenting in written work, in public speaking, and in oral reports the ideas or exact words of someone else without proper documentation. Whether the act of plagiarism is deliberate or accidental [ignorance of the proper rules for handling material is no excuse], plagiarism is, indeed, a “criminal” offense. As such, a plagiarized paper or report automatically receives a grade of **ZERO** and the student may receive a grade of **F** for the semester at the discretion of the instructor.

Tutoring & Project Assist

If you are having difficulty with work in this class tutoring is available through the Center for Academic & Student Success. If you think that you might have a learning disability, contact Project Assist at 856.691.8600 x 1282 for information on assistance that can be provided to eligible students.

Before Withdrawing From This Course

If a student experiences adverse circumstances while enrolled in this course and considers withdrawing, s/he should see an advisor (division or advisement center) BEFORE withdrawing from the class. A withdrawal may cause harmful repercussions to completion rate standards and overall GPA which can limit or eliminate future financial aid in addition to causing academic suspension.
