### **Course Description**

Students are assigned to the Radiology department of a clinical education center for practical application of the information presented in the co-requisite courses.

### **Learning Outcomes**

At the completion of this course, students will be able to:

- Communicate with patients
- Use medical terminology
- Demonstrate knowledge of the flow of people and paper within a radiology department
- Begin utilizing patient care skills
- Observe and assist staff radiographers with radiographic procedures
- Use radiographic equipment
- Practice the procedures on which simulated laboratory competency examinations have been completed

### **Topical Outline**

None

### **Required Texts and Other Materials**

None

### **Student Assessment**

Assessment may be accomplished through competency evaluations, performance evaluations, and image evaluations.

Grades for this semester will be based on the average of the following three components:

1. performance evaluations
2. image evaluations
3. the number of competencies achieved

A minimum of four (4) clinical competency evaluations must be achieved to successfully complete this semester, regardless of other clinical grades earned. A grade of 90% or above is passing for all clinical competency evaluations.

### **Academic Integrity**

Plagiarism is cheating. Plagiarism is presenting in written work, in public speaking, and in oral reports the ideas or exact words of someone else without proper documentation. Whether the act of plagiarism is deliberate or accidental [ignorance of the proper rules for handling material is no excuse], plagiarism is, indeed, a “criminal” offense. As such, a plagiarized paper or report automatically receives a grade of **ZERO** and the student may receive a grade of **F** for the semester at the discretion of the instructor.

### **Available Resources**

If you are having difficulty with work in this class, tutoring is available through the Success Center. If you think that you might have a learning disability, contact Project Assist at 856.691.8600, x1282 for information on assistance that can be provided to eligible students.

### **Before Withdrawing From This Course**

If a student experiences adverse circumstances while enrolled in this course and considers withdrawing, s/he should see an advisor (division or advisement center) BEFORE withdrawing from the class. A withdrawal may cause harmful repercussions to completion rate standards and overall GPA which can limit or eliminate future financial aid in addition to causing academic suspension.
